A. Starting a new project

There are two ways to begin creating your own project in Cricut Design Space™.

1. Clicking the New Project Tile from Home
2. Clicking *New Project* from Home.

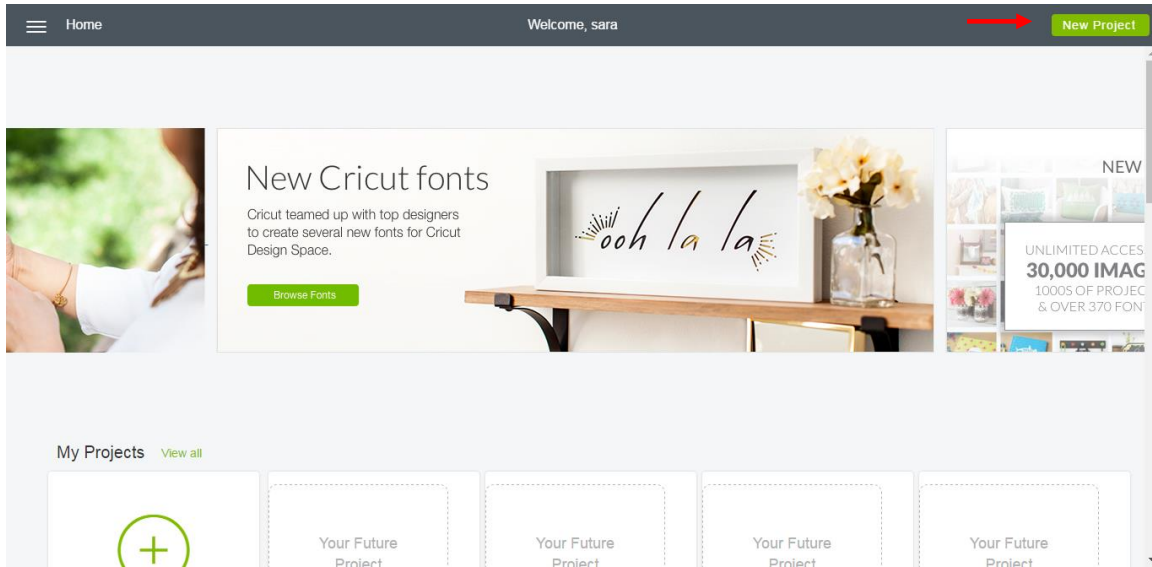

Option 1 Clicking the New Project Tile from Home

From the Design Space Home screen, click the New Project Tile.

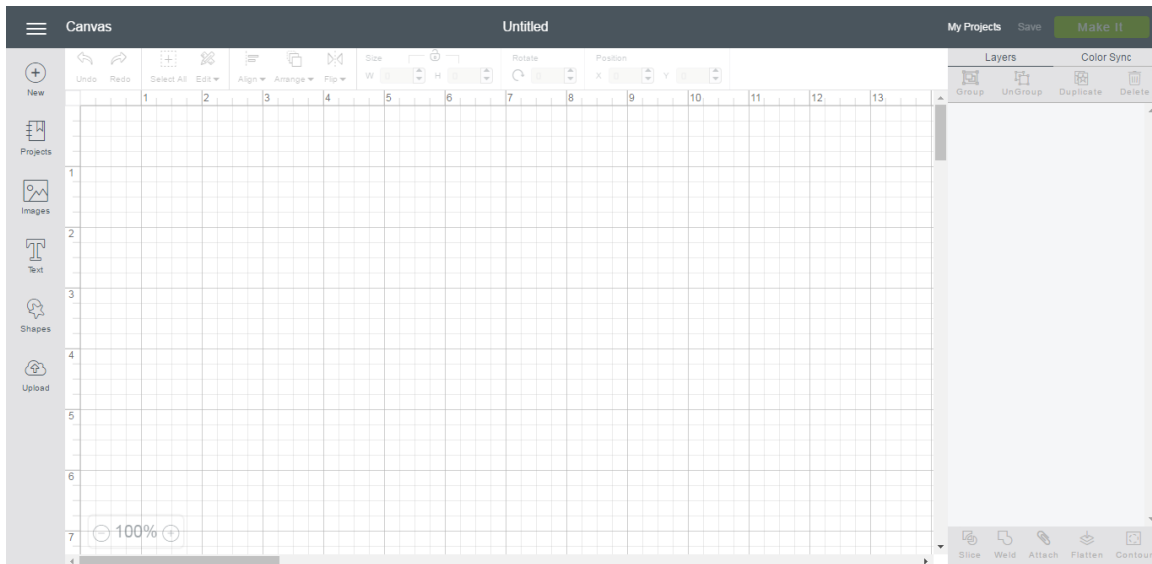

Option 2 Clicking *New Project* from Home

From the Design Space Home screen, click *New Project*.

Both options take you to the Canvas where you can begin creating your project.

Tip: You can also start a new project from the Canvas by clicking New in the Design Panel.
