

How Do I

Change My Billing and Shipping Address?

Let's Start

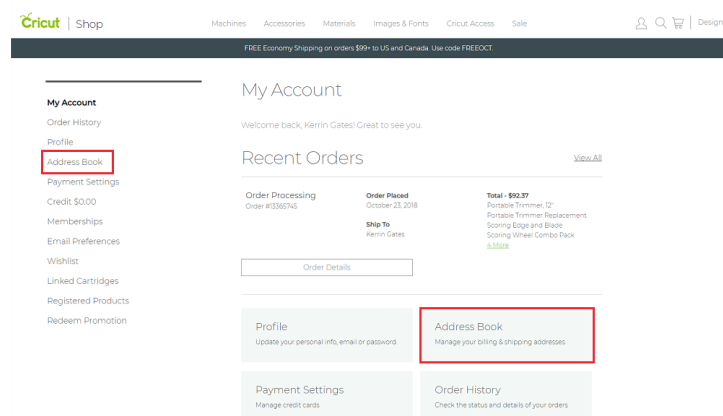

1. Sign in to your account at Cricut.com.

2. Click on the person icon, then select “My Account” to access your account details.

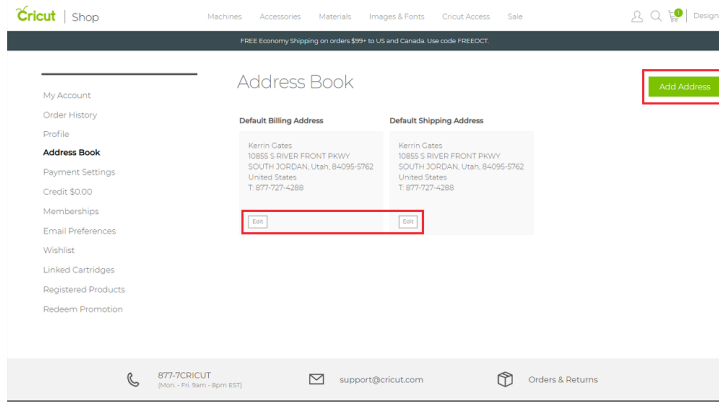

3. Select “Address Book” from either the left navigation menu or the links under the “My Account” section.

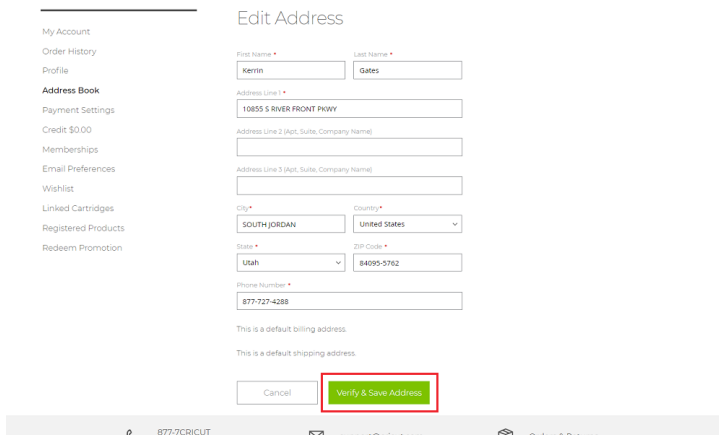

4. If you have previously made a Cricut purchase, default billing and shipping addresses will appear. Select “Edit” to make any changes to the saved addresses or

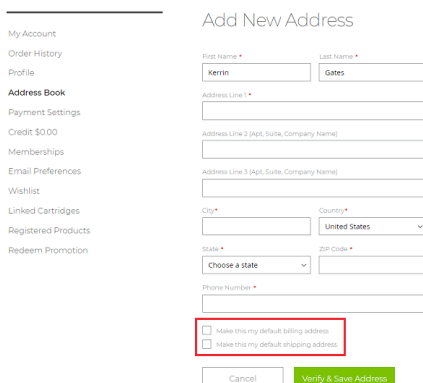

select “Add Address” to add a completely new address.

5. When your entry is complete, select the “Verify & Save” button to save the changes or new address to your Address Book.

Note: While saving a new address, you can mark it as your default shipping and/or billing address.
